If the event is on Sunday, Saturday is open for pre-fish or other event participation. During the tournament, a competitor may not have the assistance or advice of anyone for the purposes of locating or catching bass, nor enter the tournament waters with a professional guide, state or federal wildlife agency employee, or any other person deemed an "expert" on these tournament waters by the Tournament Director, unless he is a contestant in the tournament. Each competitor agrees to report to the Tournament Director any violation or infraction of these Tournament Rules. The failure to report violations or suggestions to violate these Rules, or false verification of weigh-in forms will be cause for disqualification. EACH COMPETITOR AGREES TO SUBMIT, BY HIS SIGNATURE ON THIS DOCUMENT, TO A POLYGRAPH TEST SHOULD HE BE ACCUSED OF ANY RULE VIOLATION. The administration and interpretation of the polygraph test shall be solely the responsibility of the Tournament Director and his agents, and shall be used (or not used) at the discretion of the Tournament Director. Boat Operation: Boaters will fish from the front deck of the boat. Co-Anglers will fish from the back deck or seating area of the boat. It is the Boaters discretion and liability to allow the Co-Angler to run the front of the

boat and fish from the front of the boat. **Boaters will have complete control of boat operation and waters to be fished.** For safety concerns in rough water or swift current, in the event of an outboard or trolling motor breakdown or during an emergency, Co-Anglers may operate the trolling motor or the outboard. Boaters may NOT request that the Co-Angler not fish. Any Boater that, in the judgment of the tournament director, operates the boat in such a manner that unfairly handicaps his/her Co-Angler and any Co-Angler who unfairly handicaps his/her Boater may be disqualified. Co-Anglers are not allowed to record GPS waypoints or use any type of handheld GPS during any competition day nor share information about their Boater's location or tactics with any other Boater.

Breakdowns/Equipment Failure: In the event of equipment failure or emergency the tournament director must be notified as soon as it is safe to do so. There are only two permitted methods of returning to the check-in: (1) By both paired anglers remaining in their boat and being towed by water, or (2) with permission from the tournament director, by one or both paired anglers entering the boat of another tournament contestant, at which point all fishing must cease by all parties. Under these two conditions both contestants' catches may be counted without a penalty (except for late penalties, dead-fish penalties or other penalties pertaining to other tournament rules) provided that all contestants fish are adequately marked so as to provide clear distinction between their catches to the tournament director.

Penalties: A ½ pound will be deducted from any competitor for each Dead Fish brought to the scales. No dead fish may be weighed as Big Fish. Any short fish (less than 12") will result in bag disqualification. Competitors, who are not at the official safety check-in point by appointed time, shall be penalized at the rate of one pound per minute to be deducted from the total weight of their days catch. Any competitors more than 15 minutes late, is disqualified. Return time shall be defined as off-plane, no longer fishing and plainly visible by the official timekeeper. **NO EXCEPTIONS.**

WHERE REQUIRED, EACH BOAT MUST BE EQUIPPED WITH A U.S. COAST GUARD RATING PLATE, WHICH MUST BE ATTACHED TO THE BOAT BY THE MANUFACTURER. IN NO CASE MAY THE HORSEPOWER OF YOUR OUTBOARD EXCEED THE RATING SPECIFIED ON THE RATING PLATE OR THE HORSEPOWER LIMIT SET BY TBF. Each competitor agrees to submit, by their signature on the official entry form, the boat and motor used in the tournament to an inspection by factory-trained personal, if there is any reason to suspect the horsepower is in excess of the rating. Normal maintenance to increase the performance of your engine is allowed. Changing or altering standard factory parts of your motor to INCREASE THE HORSEPOWER OVER THE FACTORY HORSEPOWER RATING IS FORBIDDEN, and will result in disqualification. Falsifying information on entry forms or altering the horsepower rating numbers on the motor or ratings plate also would be cause for immediate disqualification from TIBF Sanctioned Events.

Tackle and Equipment: Only artificial lures may be used. No "live bait" will be permitted. Only ONE (1) fishing rod (8-foot maximum length from butt of the handle to rod tip) and reel may be in use or used at any one time. All other types prohibited. All bass must be caught alive in a conventional and sporting manner. Anyone guilty of snatching or snagging visible fish will have their day's catch disqualified. When fishing for bass you can see, all bass must be hooked inside the mouth and must be verified by your partner before being unhooked to be counted as a legal. No gaffs or grippers may be used to land bass nor be permitted in the boat at any time. Alabama rigs and other similar type baits will follow the most restrictive state laws covering any part of the tournament waters. Boaters will utilize the front storage compartments and the Boater will make available the back storage compartments for the Co-Anglers use. Co-Anglers are limited to a maximum of 7 rods as defined above rigged and ready for use in the boat.

Boat Check: All boats must have a factory installed live well system. Live well checks will be done prior to tournament launch.

Permitted Fishing Locations: Tournament waters shall be established by Tournament Director to be announced at the pre-tournament meeting. Fishing on tournament waters is permitted anywhere except: Any water within these tournament boundaries posted "off-limits or no fishing" by state or federal agencies will be OFF-LIMITS. No contestant may "Buy" or "Barter" a fish or a fishing location. Only water open to ALL public fishing will be considered tournament waters. Any water closed to public fishing will be closed to all contestants. Contestants may not depart the boat to land fish or to make the boat more accessible to fishing waters.

Safety: All Boats must be equipped with some type of operable ignition kill switch safety device. This engine stop device must be attached to the driver's body and time the combustion engine is operating. While the combustion engine is operating and in gear, there must be a driver in the driver's seat in full control of the boat. Safe boat conduct must be observed at all times by tournament competitors. A Life preserver must be worn

anytime the combustion engine is operating. This Life preserver must be strapped, snapped or zippered securely and maintained in that condition until the competitor reaches his fishing location and the combustion engine is shut off. Violation of this rule shall be reason for disqualification. Tournament Director has the right to delay or cancel the start of an official tournament day because of bad weather or other factors that would endanger the safety of the competitors. Tournament waters may also be restricted at any time because of bad weather. Front and rear lights must be in place and functioning prior to leaving the launch site.

Sportsmanship: Competitors in TIBF tournaments are expected to follow high standards of sportsmanship, courtesy, safety and conservation. Any infraction of these fundamental sporting principles may be deemed cause for disqualification. Use of alcohol or drugs (other than those purchased over the counter or prescribed by a licensed physician) by any competitor during the tournament will not be tolerated and shall be cause for automatic disqualification from this and all future TIBF tournaments. Maximum courtesy must be practiced at all times, especially with regard to boating and angling in the vicinity of non-competitors who may be on tournament waters. Any act of a competitor which reflects unfavorably upon efforts to promote fisheries conservation, clean waters, and courtesy shall be reason for disqualification. All competitors are bound by the prevailing statutes and regulations.

Dispute handling: All protests must be presented in writing to Tournament Director no more than 30 minutes of last flight check-in. Interpretation and enforcement of these rules is the exclusive domain of the designated on-site Tournament Director.

Release boats: There will be 1 of every 4 boats will be assigned as release boats. Refusal to participate as a release boat can result in disqualification. The assigned boats will start with the first boat launched. For example, in a 20 boat field, boats 1 through 5 will be assigned as release boats. Those 5 boats will be given their weigh bags on the night prior, or morning of the event. This will allow them to get through the weigh line first and prepare to receive fish to release.

Entry Fees/Travel Expense/State Team: Entry fees are to be divided as follows...\$20 for National boater(s) (boater fees), \$10 for National Non-Boater(s)(non-boater fees), and remaining portion for travel fund to Semi-Final. Any State team member that does not go to the Semi- Final or National tournament, must return any paid funds so that it can be forwarded to the next alternate member.

Minimum State Team Requirements: State Team members will attend the annual banquet.

Club Angler Qualifying: A TIBF club will also have the ability to send 1 non-boater/boater team directly to Semi-Finals. Paper clubs are not eligible. A club must be active and in good standing no later than January 31 of Qualifier year. These Anglers are in addition to the established qualifier State team and not required to fish State qualifiers.
